ADDENDUM

The following affects **p. 6, 7** and **16** of the Trinity KT-A S2390B Manual Rev1.00.

1-J. USB Header (J2)*

Certain computer chassis allow for USB port connections. This board provides a USB header should you decide to set up an external USB connector. Check with your chassis vendor for details.

*Please be sure that your chassis supports external USB ports before using this feature.

The following replaced the "Where can I get USB cables for my motherboard?" question and answer on **p. 27** of the Trinity KT-A S2390B Manual Rev1.00.
