

# It's not just that the COMPAQ Portable is the best-selling portable computer in the world...

## It's why.

The COMPAQ® Portable Personal Computer was destined to become a classic. It does more than most desktops because of some far-sighted engineering.

We knew that companies would want computers that could keep up with changing technology, so we created a modular portable with a design so innovative it's been patented. It's completely compatible with industry standards. And it has enough memory and expansion slots to accommodate networking, a modem, or a mouse.

Our portables will also accommodate a parallel printer, color and composite monitors, even an RF modulator. All are standard interfaces; you don't have to give up an expansion slot to get them.

Many people prefer COMPAQ Portables to desktop computers because of their small footprint. Plus, because they're portable, they're ideal to share.

What's more, our monitors display high-resolution text and graphics, and rugged shock mounting protects stored data. Point being—this is one portable computer with no compromises.

*For more information or the names of Authorized COMPAQ Dealers who can set up a hands-on evaluation, call 1-800-543-1300. Ask for Operator 270.*
